One More Year one more chance to go solar

Lower price, more incentives!*

One more year

The United States Treasury Department has extended the tax relief as a **CASH payment** in lieu of credits for solar properties installed by the end of this year. Thirty (30%) percent cash back ends 2011.

One more chance

Lock-in on National Grid **FREE** Solar Equipment Discount

One more powerful reason

To support our environment and reduce your carbon footprint!

With National Grid you get results
